Membership Savings Plan

The Marbella Cares plan was designed to increase access to quality dental care, while maintaining an affordable price. The Marbella Cares plan is not dental insurance and is available only at Marbella Family Dentistry. The patient portion of the bill is due at time of service and the plan cannot be used in conjunction with another dental plan or insurance plan. A full refund of premiums not used will be given within 30 days of plan start date if the patient opts out of the plan within 30 days of initiation. Marbella Cares is a prepayment for services that allows for professional courtesy discounts that may be subject to change at any time.
